

Deep Intestinal Cleanse

The best intestinal cleanse on the market. Made from safe natural herbs, this formula will soften and eliminate hard encrusted mucus and waste throughout the entire digestive tract.

Virtually everyone has years old waste and mucus in their intestines - even vegetarians and vegans. This waste lies at the root of virtually all illness and blocks the body's ability to truly heal itself.

Safe enough for babies this cleanse should be the first action on anyone's road to true health and well-being. This is the safest and surest method for weight normalisation and health.

Price:

R150 500ml (Powder) Jar - 1 to 2 weeks supply.

R950 5 Litre Bucket - 3 months supply.
